

Type of examination	System	HAS Perspective
Time-constrained unseen exams in invigilated exam rooms	Blackboard Test with either timer or specified time period in which to complete at home. We have guidance for students and staff in document form.	AHP use Blackboard for examinations regularly. DAS use a slightly different system (iSpring in Blackboard) for online examinations. N and M use Blackboard Test with this system for mandatory training and numeracy. HSS unknown. Team knowledge, Hannah, Tom and Michael know the system very well. Convert to 'seen exam' - released via blackboard with online submission same day
In-class presentations where students speak to an audience of their peers and are assessed not only on the content but also their presentation techniques	Submit poster electronically with either Narrated PowerPoint made in Kaltura made asynchronously. Blackboard Support guidance or Delivering live in Blackboard Collaborate which is recorded.	Some concerns about issues with Macs and issues with ITS knowledge of the product. Some experience in the Faculty. A lot of skills to learn for staff and students. For staff if we want the recordings to not be downloadable or viewable by other students then we need to use one of two work arounds.
Roleplays	Delivering live in Blackboard Collaborate which is recorded. Blackboard has a groups function with the ability to have separate Collaborate rooms / discussion boards / other tools No specific UWE guidance currently.	A lot of skills to learn for staff and students. For staff if we want the recordings to not be downloadable or viewable by other students then we need to use one of two work arounds.
OSCEs	Depends on the OSCE a selection of tests and submissions on Blackboard could mirror the OSCE element though not all of the practical skills.	
Viva Voce exams, e.g. for PhD examinations in person	Blackboard Collaborate in your test course. Basic advice here from Faculty	Minimal use so far in DAS and HSS.
